Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" they care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions that result from experiencing the problems or barriers

Example:

I am a traveler, I'm trying to book flights on my phone, but it takes a long time, because the website is not responsive and doesn't have a mobile version, which makes me feel frustrated.

Problem statements for the Metro Ticket Booking System:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A daily metro commuter travelling to	Buy a metro ticket quickly before	I have to stand in long queues at the ticket counter or	Ticketing is counter-based and manual, and there	Stressed and anxious about getting late

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
	work or college	boarding my train	kiosk	are only a few counters during peak hours	
PS-2	A tourist or first-time metro traveller	Find the correct fare and book a ticket to my destination	I am unsure about the fare and the stations, and I need help from staff	There is no single easy digital option that shows the fare automatically	Confused and dependent on others
PS-3	A senior citizen or differently-abled passenger	Get a ticket on my own without standing in a queue	Queues and ticket machines are hard to reach and use	Ticketing channels are not designed to be accessible for everyone	Excluded and frustrated
PS-4	A metro operations administrator	Manage fares, stations and ticket records accurately	Manual record keeping causes fare errors and delays in reporting	Ticket generation and tracking are not automated or centralised	Overloaded and worried about mistakes
