A **Sprint** is a fixed period or duration in which a team works to complete a set of tasks.

A **Story** is a small task. It is part of an Epic.

A **Story Point** is a number that represents how much effort a story takes to complete (usually in form of Fibonacci series).

1 – Very Easy task

2 – Normal task

3 – Moderate task

5 – Difficult task

Story points used: 1 (very easy), 2 (normal), 3 (moderate), 5 (difficult)

No of Sprints = 4

Velocity = 43/4 = 10.75 (Story Points per Sprint)

Our team's velocity is 10.75 Story Points per Sprint.
